

DILLON KEEVEN

GOLF INSTRUCTOR AND CERTIFIED CLUB FITTER

Dillon's passion and commitment to pursuing a career in the golf industry started at Country Lake as a Jr golfer.

While attending Warrenton High School, Dillon had the opportunity to compete in the state tournament.

In order to further his career and knowledge, Dillon attended The Golf Academy Of America where he learned all aspects of the golf industry.

After graduation, Dillon found his passion for teaching and club fittings while working for GolfTec. With over 1000 lessons with fittings conducted, Dillon provides a great balance between the technical and the "feel" side of the golf game.
